Waynesboro, Ga. 30830

On March 26th, 2020 the State Certification Joint Review Committee met and reviewed the On-Site Assessment Report for your agency. After review, your department is approved for initial certification in the State Certification program as recommended by the assessment team. I have enclosed a copy of the final report for your review and your files as required in the Standards Manual. For an initial certification, if you would like a representative from GACP to make a presentation at a council meeting, contact me at 770-495-9650 or mtbender@gachiefs.com.

I congratulate your department on this outstanding professional achievement. I look forward to you and your agency as being a state certified law enforcement agency.

Sincerely,

A handwritten signature in cursive script that reads "Mark Bender".
